**IMPORTANT!**

Do not connect to mains supply (230v) prior to installation. Consult a licensed electrician if in doubt.

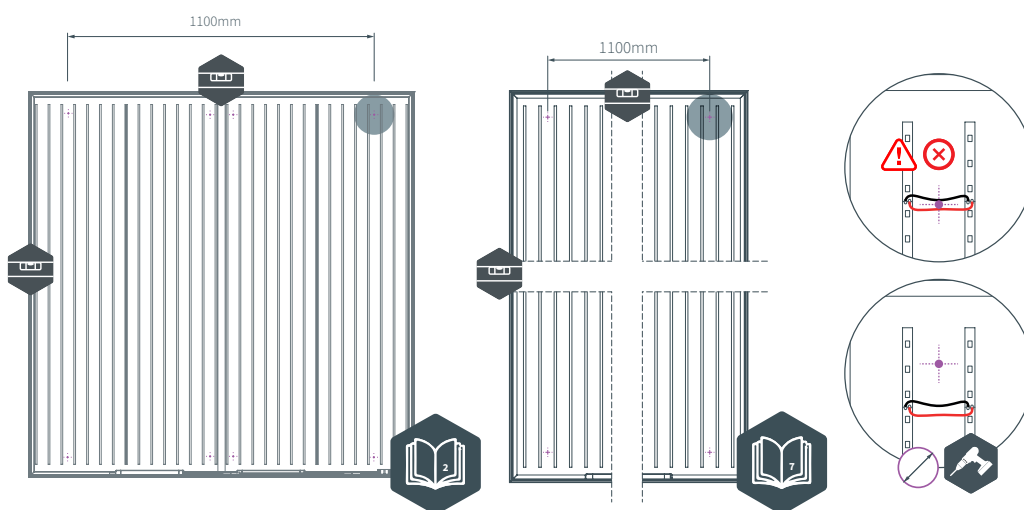

1. Read all instructions before installation.
2. Check all parts prior to installation.
3. Different materials require different types of fittings. Always choose screws and plugs that are specially suited to the material.
4. For information on product weight, please get in touch.
5. Any changes to the electrical wiring of the product must be carried out by a qualified electrician. Please get in touch before making any changes.

Basic Tools Required

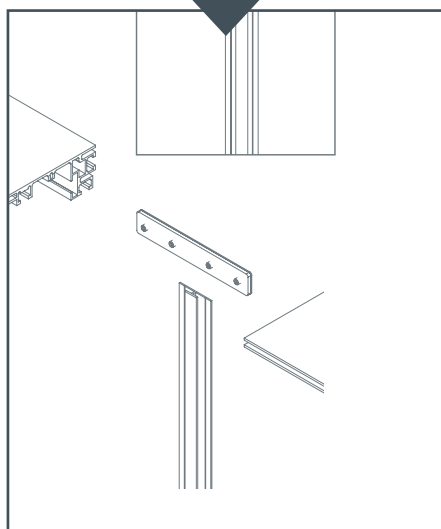

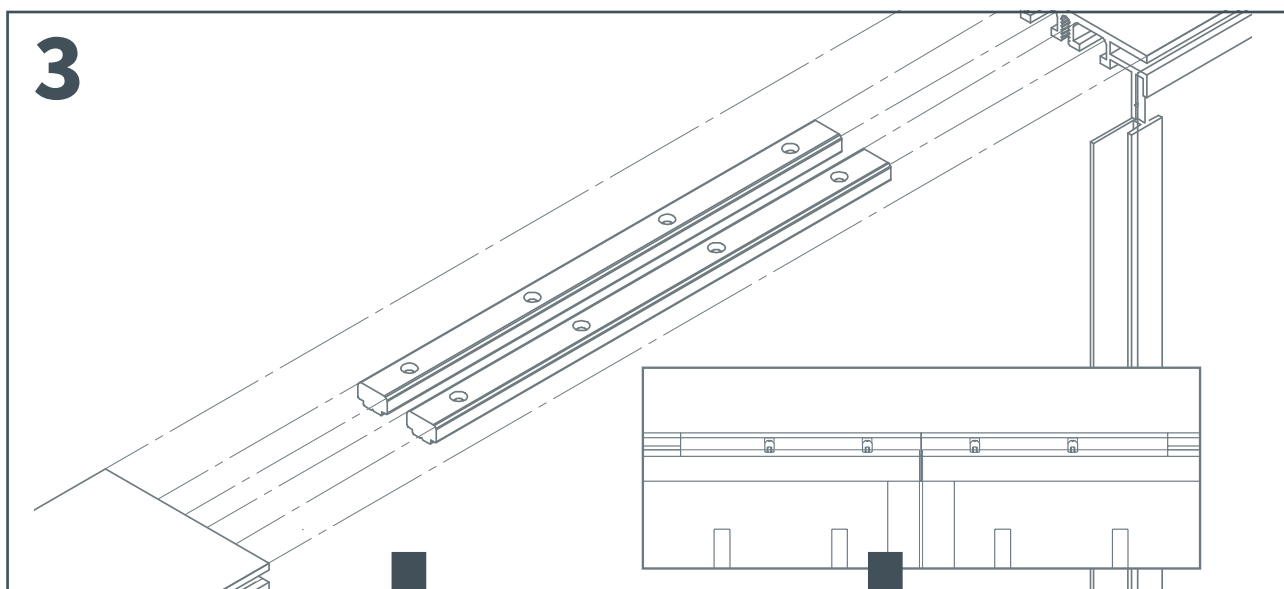

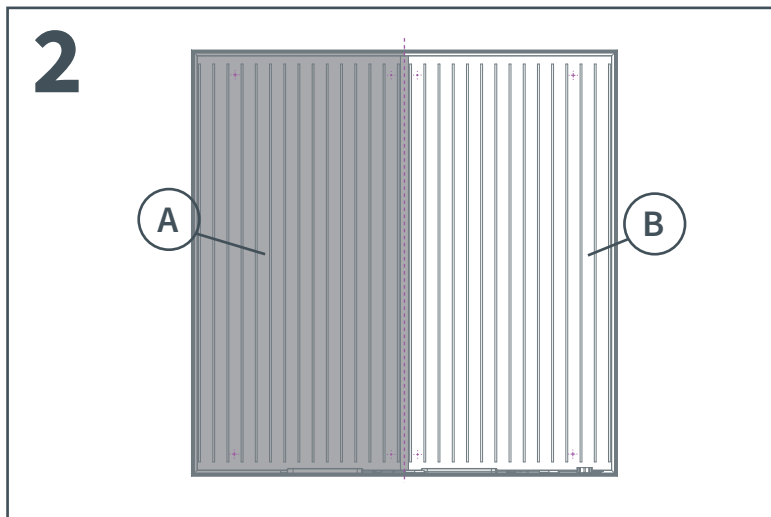

1

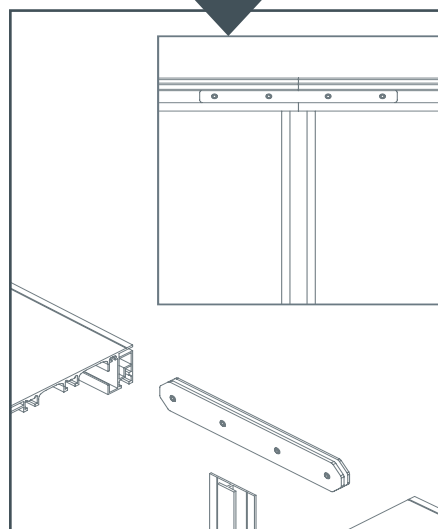

Note: Each box split should have four fixing points.

Depending on size, the lightbox could be supplied in multiple parts. If so, refer to relevant installation step.

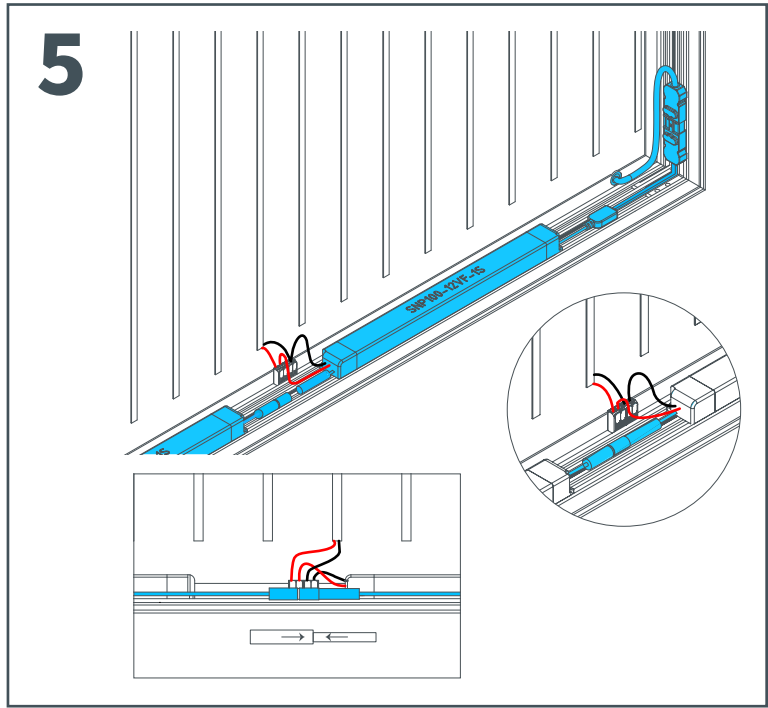

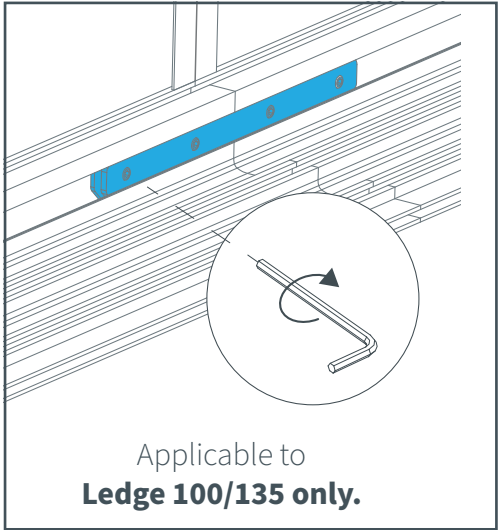

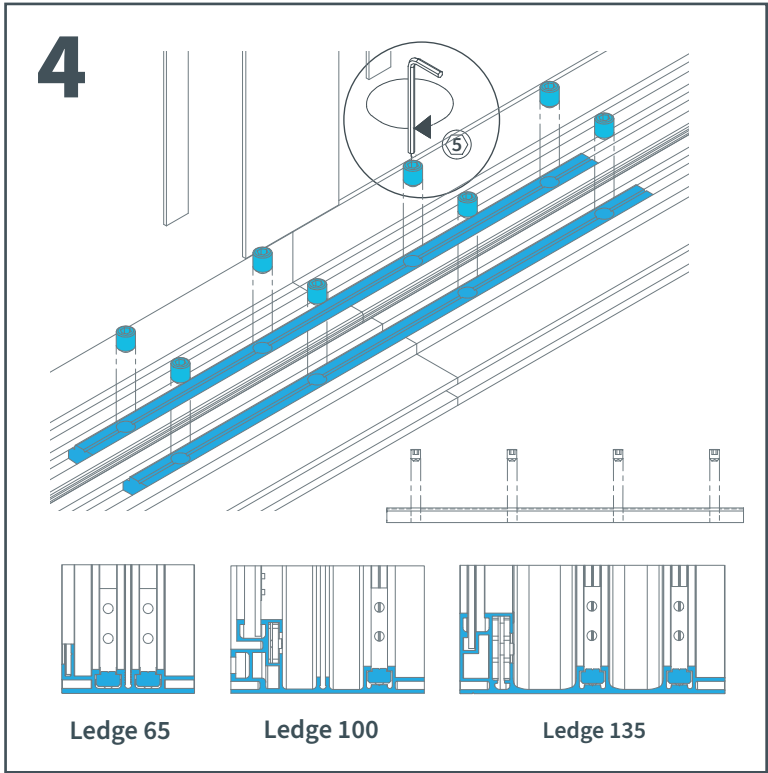

Consider driver maintenance when determining box orientation.

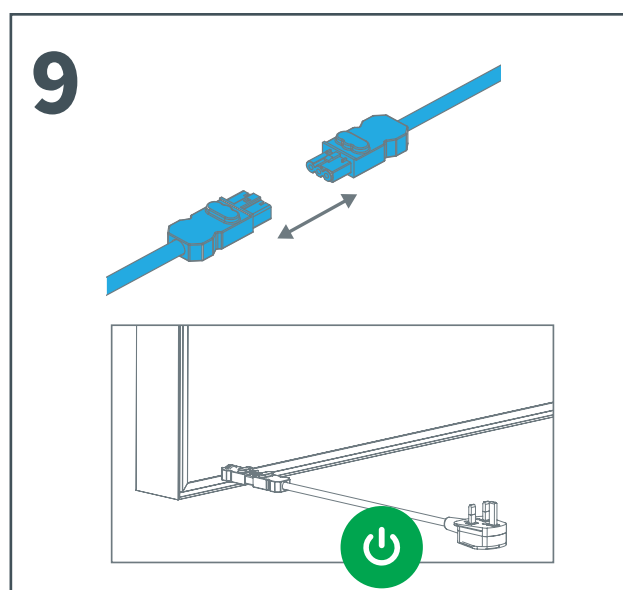

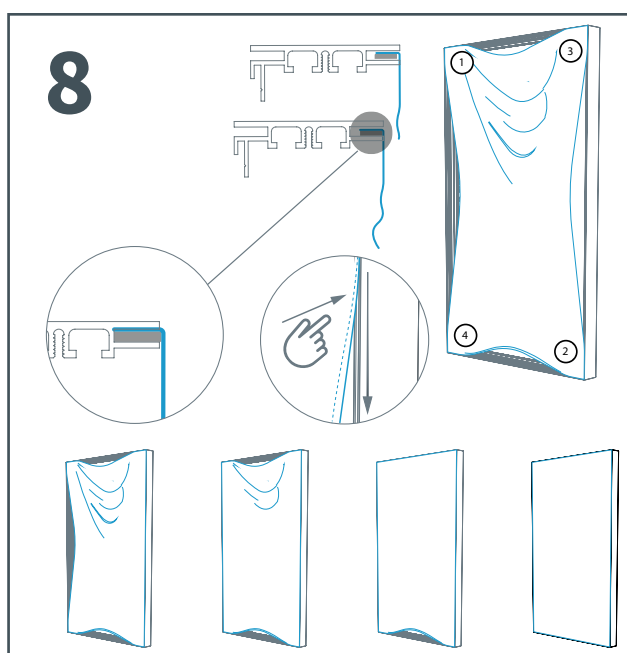

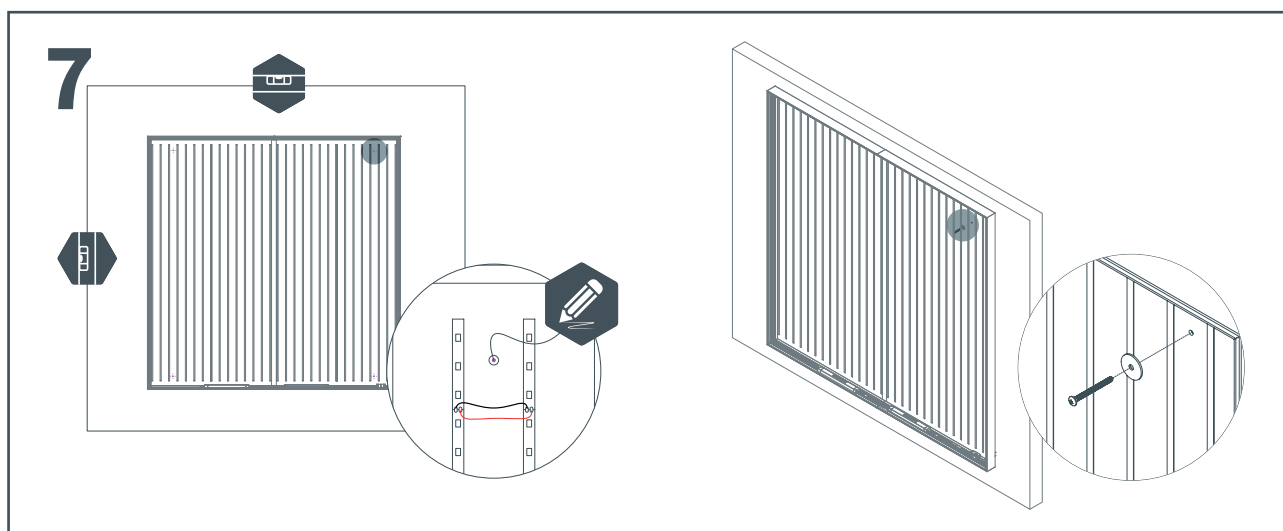

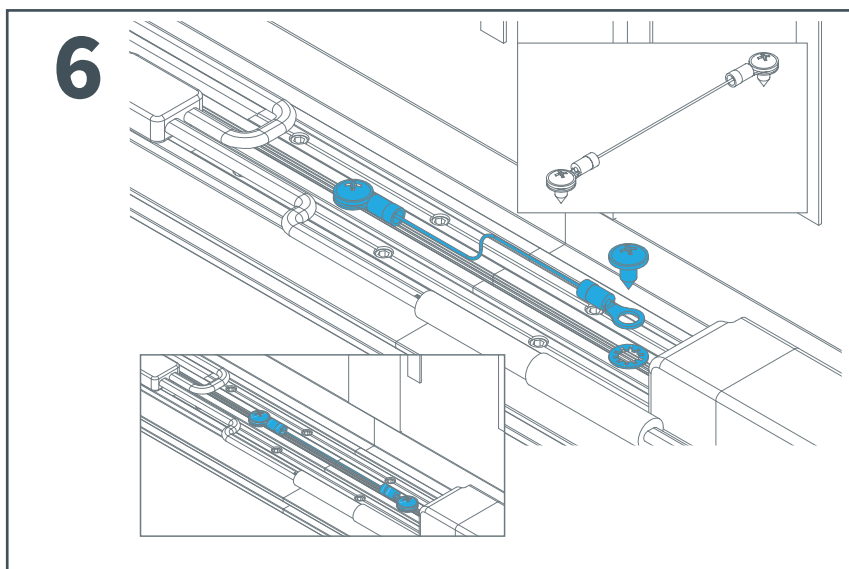

Applicable to **Ledge 100 only.**

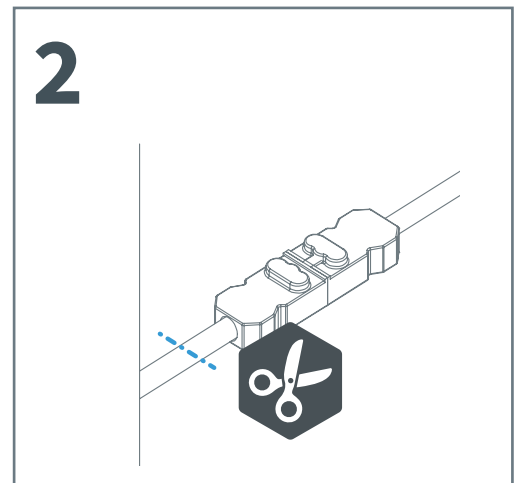

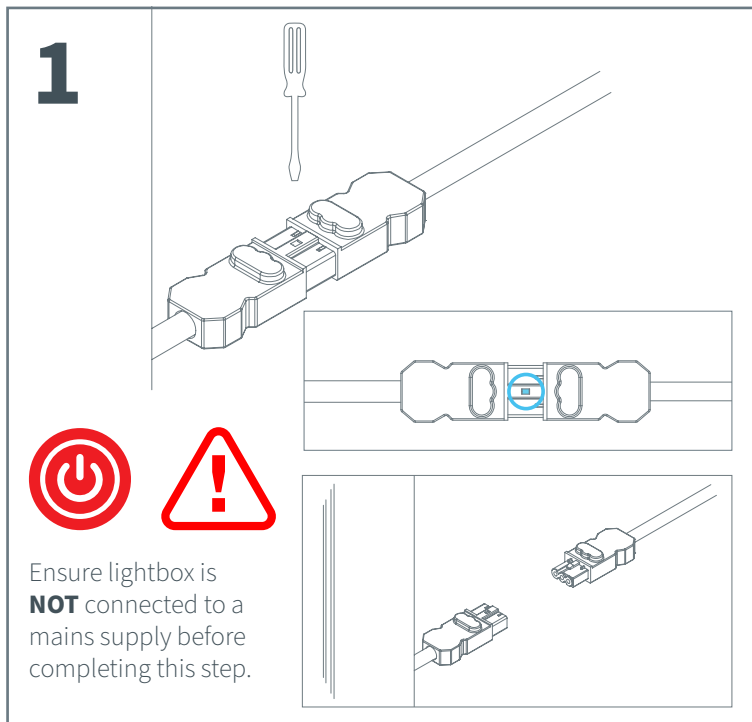

Applicable to **Ledge 135 only.**

Disassembly Guidance

3 Refer to step 1 to 10 of installation guide in reverse order for disassembly into split frame parts.
